

The second practice crit on Tuesday 8/10 had a lot of the past Olympic's flair - it was hot, humid, and barely any spectators.

Well, the last one I only wrote for the punchline, since we actually had a nice number of spouses, parents and children watching and cheering for their racers. Quite a few of them were put to good use by helping with marshalling and officiating. Hence I would like first to thank our volunteers for the race, Dorothy Pumo as referee, Sharon Sturm for registration, Joanne Conchieri, Allen Mead, Brook Anderson, Scott Decker for marshalling at one point or another, and Hailey Aylward for helping Dorothy with lap cards and final lap bell while her dad was racing.

Overall we had a good turnout, much better than two weeks ago, with 4 C, 13 B and 8 A unique racers. Some of them actually returned after a multiple year hiatus predating the pandemic, and it was very nice to see them again.

All three races each had a nice group of similarly matched racers, so while there were plenty of efforts to attack and break away, all of them ended with a nice field sprint.

The next and final practice crit 2021 is Tuesday 8/24. Registration opens 5:30, C-race starts at 6pm, B-race 6:25, A-race at 7pm.
